Based on Points Earned

Typing Lessons	Class Work	Projects	Quizzes	Participation
----------------	------------	----------	---------	---------------

Gum, Food, & Drink Policy

Gum, food, and drinks are NOT allowed in my lab. If you have a doctor's note in the office that gives you permission for a water bottle, it is to be placed in the front of the room – away from computers. If a teacher gives you candy from another class, it is still NOT allowed to be eaten in our computer lab.

Electronic Devices

Electronic devices should be kept in students lockers. Devices should NOT be out during class.

Students will NOT be using their Chromebook in class. They should be kept in the CORE class as we will be using the desktop computers in the lab.

Show S.T.A.R. qualities in class

Homework/Make up Work Policy

Due to the nature of the course, significant emphasis is placed on good attendance. If a student is absent or falls behind in class, it is the student's responsibility to seek help right away.

Weekly and daily work will be updated weekly. It is important students check grades regularly and feel free to ask me any questions about a particular grade.

If you are absent, you are responsible for completing your make-up work (one day for make-up for each day absent).

All assignments can be found on our Google Classroom Daily Agenda. If you need an activity that is posted, please ask me for it.

If you know you are going to be absent beforehand, you should ask me for your make-up work before the absence.

This can be done before or after school or you can e-mail.
